From the Secretary

The program of the interim conference contains some thirty papers and looks promising. Any suggestions for additional papers or cancellations should arrive me very quickly. The earlier I receive notes the easier we could rearrange parts of the program. I will be sending out a final program immediately before the travelling to Torun has to start.

Again I'd like to remind all participants, session organizers and presenters of papers that due to the rules of RCHS every active participant should be a member in good standing. To simplify matters people who are only members of RCHS can pay their dues in cash at Torun. All members who are also individual ISA members are strongly invited to renew their ISA and RCHS membership before the end of March 2000. This date is crucial for two reasons: First for the number of sessions we will obtain at the next World Congress in Brisbane in July 2002 and secondly because we're planning to apply for a ISA Newsletter Grant for 2000 and the amount of money we'll receive depends on the number of ISA members in good standing. The chances are good to reach the highest category, which would allow producing further thick newsletters.

Letter from the President, No. 4

The heart of the RCHS shall beat in Torun in June 2000

by Dirk Kaesler

Those of you who belong to this Research Committee for a longer period of time know that our "Interim Conferences" always have been the "heart" of our scholarly activities. Of course, most of us enjoy – to a certain degree – the big circus of the World Congresses, but when it comes to the serious business of reporting our recent findings and results and when it comes to re-establish the internal identity of our RCHS, in particular, it always have been the "Interim Conferences" that provided us with the spirit of being among working colleagues. Sociologists who deal with the history of sociology are not alone: that has always been the main message of our Interim Conferences.

Those RCHS-members who are fairly new to the RCHS might not know that it is according to ISA-regulations that all RCs have to meet every two years: once as an integral part of the World Congresses and once in between. For our recent history this, of course, meant Montreal (1998) and Amsterdam.

All of us who participated in the Amsterdam Interim Conference May 16-18, 1996, still remember very vividly the congenial surroundings of SISWO and Amsterdam, and the perfect preparation and hospitality of our colleague Dick Pels and his helpers: next to those fourteen ses-

sions with their high-quality programme we still remember our "sociological boat trip" that ended at that wonderful Indonesian restaurant. And then came Montreal...

And now Torun is ahead! When our colleague Janusz Mucha from Nicholas Copernicus University in Torun in Poland during the Montreal Business Meeting offered that he and his colleagues would very much like to invite us to their university we all were very excited. Our conference there shall provide us not only with the wonderful opportunity to gain some impressions of the social situation of this central European country at the moment and of the situation of this renowned university but also of the state of Polish sociology. And not only of the state of our art at the moment - our Polish hosts promised that they would take the opportunity to present us with some contributions about the history of Polish sociology, a perfect and very appropriate offer for our RC.

I write this letter without knowing all the details of the programme the Secretary shall publish in this NL. But I am certain that this Interim Conference, as all of them in the past, shall also demonstrate the friendly and warm hospitalities of our colleagues who have offered to act as local organisers. We shall learn a lot – and have some fun also. Looking forward to seeing you in Torun!

Dues Information

The basic RCHS subscription is US\$10 for one year, or \$30 for 4 years. For students, however, it is \$5 or \$15. This reduced rate also applies to others from non-OECD countries that would have difficulty in paying the full rate; if unable to arrange even the reduced rate, please write to the Secretary to explain the circumstances and ask for free membership. RCHS is a Research Committee of ISA, so RCHS members are expected to be ISA members.

There is also a facility for paying to the central ISA, which enables those who wish to do so to use a credit card; a copy of their form is on <http://www.ucm.es/info/isa/formisa.htm>, and it can be used even if you are not then also paying the ISA subscription - *though only if you are an ISA member*. Here - with apologies for the complexity, which our need to avoid our account's high foreign-exchange charges makes necessary - is how to pay if *not* doing so via the ISA.

During the time of Christian Fleck's stay in the United States he will accept US cheques for the RCHS membership dues. Make cheques payable to Christian Fleck.

Only people using a British bank account should send their dues to the past-secretary, Professor Jennifer Platt; this can be done either by sending a cheque made out to "RCHS Platt", or by direct transfer to Girobank account 12 574 8302. (The cheque should be in £ sterling, with the dollar amount translated into the equivalent at the tourist rate of exchange; at the time of writing, that is c. £6.08 or £18.24.) **All other members should send the money to the president of RCHS, Prof. Dirk Kaesler,** Universität Marburg, Institut für Soziologie, Am Grün 1, D 35037 Marburg, Germany, or, in continental Europe, to minimize bank charges use the Post-

al Giro Service: Postgiroamt München (BLZ 700 100 80), Account 822 22-809 Kaesler RCHS. He will inform the Secretary, so only one letter is required. **Please think at the same time of sending news of publications, meetings, work in progress etc., plus any address changes.**

Membership in the RCHS is open to anyone interested in the field. You become a member as soon as the secretary has received your application form and money.
